Microsoft Certification Courses

Microsoft courses by MyITstudy teach professionals what they need to know about Microsoft technologies, provide them with a hands-on lab experience, and help ensure that they pass the certification exams with ease.

Course features and benefits

Free exam retake

We're so confident in the quality of our training that if you do not pass a Microsoft exam after attending our training program, you can retake the exam with us for free.

Best faculty

All our instructors are Microsoft Certified Trainers (MCT) with an average IT industry work experience of 15+ years and an average professional teaching experience of over 1500 hours.

Application of concepts through labs

Our courses have a comprehensive lab experience built-in. We ship a pre configured laptop to ensure you are setup with the right environment before the class even begins.

IT training specialists

Our focused approach to Microsoft training ensures effective learning through our comprehensive study materials, cloud labs, phone apps and free simulated tests.

FREE
Laptop with every Microsoft course

Special offers and customized courses for corporates

Group discounts

We extend special discounts to organizations for batches of five or more. The discounts are progressive - more professionals, more savings for your organization.

Flexible delivery options

Classes can be conducted at your site or at a convenient MyITstudy venue. You can also opt for an instructor-led online virtual class.

Customized case studies

For a better understanding of the course concepts, we can also create customized case studies for your organization or industry.
